ABOUT THE GEORGE WRIGHT FORUM

The George Wright Forum was the journal of the George Wright Society from 1981 through 2018, published in 35 volumes with a total of 125 issues. Its mission was to “examine critical issues and present new research related to parks, protected areas, and cultural sites around the world.” The hallmark of the journal was its interdisciplinary approach, covering all fields relevant to natural and cultural heritage stewardship.

Early volumes of the journal did not carry dates embedded on each page, so that information is provided on this cover sheet.

The George Wright Forum ceased publication at the end of 2018. Beginning in 2020, it is continued by *Parks Stewardship Forum*, an open-access journal co-published by the George Wright Society and the University of California, Berkeley, Institute for Parks, People, and Biodiversity. *Parks Stewardship Forum* continues both the mission and the interdisciplinary approach of *The George Wright Forum*. The first volume of *Parks Stewardship Forum* is denominated as Volume 36 to indicate this continuity. *Parks Stewardship Forum* is published at <https://escholarship.org/uc/psf> and has been selected by the Library of Congress to be archived as “an important and valuable addition to our collections and to the historical record.”

ABOUT THE GEORGE WRIGHT SOCIETY

The George Wright Society supports parks, protected/conserved areas, cultural sites, and other kinds of place-based conservation by encouraging communication among and convenings of researchers, managers, educators, practitioners, and the public to facilitate informed decisions and actions that embrace our values.

GWS is a membership organization and we would welcome your support. To find out more, or to donate, please go to <https://www.georgewrightssociety.org>.

rôle. 500 copies are available and a reprinting can be made if demand exists.

A meeting of the DC Chapter of the Society was hosted by the National Parks & Conservation Assoc. at their HQ on 8 December, where the film "Land of Lost Borders: The Chihuahuan Desert, Park I" was viewed and election of Chapter officers was held. Elected were: Ro Wauer, President; Destry Jarvis, Vice President; Clay Peters, Secretary; Diane Gelburd, Treasurer. Chapter by-laws and programs will be developed soon, and Program and Membership committees will be formed.

Fred Mallery Packard, 1914-1981, retired International Specialist with the US NPS, died 5 December of a heart attack at home in Fairfax, VA. Fred was born in Rutherford, NJ, re-

ceived a BS in ornithology from Harvard, conducted research on bighorn in Rocky Mountain NP, served in the Navy in WW-2. He became Executive Secretary of the National Parks Association after WW-2, joined BLM as a wildlife management specialist in 1962, and transferred to the NPS in 1964 where he became internationally known for his exemplary work in international park affairs. He compiled the first UN List of National Parks and Equivalent Reserves (within the UN member states), was very active in the work of IUCN and negotiated a cooperative agreement between Japan and the US on park matters. He advised the governments of Tanzania, Kenya and Uganda on parks and exhibits. Fred retired in 1978, but remained active until his death. He is survived by his wife, Jean, and a daughter Jean. □
