ERRATA: We regret the mistaken omission of the biographical data for Winfried Lang that should have accompanied his article entitled *Is the Ozone Depletion Regime a Model for an Emerging Regime on Global Warming?* which was published in volume 9:2. The biographical footnote should have read as follows: Austrian Ambassador to the United Nations in Geneva; Professor of International Law and International Relations at the University of Vienna; 1977-82 Chairman of the OECD Transfrontier Pollution Group; 1985 President of the UN Conference on the Protection of the Ozone Layer (Vienna); 1987 President of the UN Conference on Substances that Deplete the Ozone Layer (Montreal); 1990 Laureat of the UN Environmental Award "Global 500."
