*
* *In each issue of UFAHAMU we have attempted*
* *to expand in some way offering our readers varied*
* *opportunities to participate in the journal. To*
* *stress the fact that this is, indeed, your journal,*
* *we are now initiating an "ISSUES" segment. This*
* *new, and hopefully dynamic section will serve a*
* *two-fold purpose: a chance for more readers to*
* *state their opinions and a chance for UFAHAMU to*
* *stay on top of the most pressing issues facing*
* *Africa today.*
