
Acknowledgment of *WestJEM* Top Section Editor and Top Reviewers

As the summer of 2010 draws to a close, *WestJEM* would like to honor the top reviewers and section editors of the past year. Without their generous contributions of time and expertise to the peer-review process, the *Journal* would not be able to advance its mission of emphasizing practical, efficient, and world-class emergency care. The top section editors and reviewers are chosen based on their quality of work, number of assignments and timeliness of reviews.
